DRIVER NOT INCLUDED.

CAUTION: Care should be taken with positioning of the light fitting as it will become hot in operation.

General Information:

A highly energy efficient and maintenance free fixed LED downlight, it provides the equivalent illumination as 35w -50w mains halogen downlight for approximately a fifth of the power consumption.

It has a thin trim and low glare optic thanks to its optical frosted glass and the fact that the LEDs are set higher above the bezel.

The fitting integrates a heat sink for thermal stability and maximum life expectancy.

Its IP65 rating makes it suitable for use in bathrooms, showers or exterior applications.
